

Three Cups Fragrance

Elizabeth Atterbury, Moyra Davey, Lukas Geronimas, Oto Gillen, Tom Humphreys, Kyle Thurman
November 21 - December 21

Three Cups Fragrance is a pan-fired green tea with a dark green to silver-grey sheen. Named for its three unique infusions, the initial brew is refreshing with a floral, piney aroma and melon and chestnut taste. The second brew introduces a honeyed sweetness with banana and soft vegetal notes, green beans and artichoke. The third offers a rounded grassiness, mushroom, straw and increased seaweed on the palette.
